

Welcome to the R&I PEERS Newsletter!

R&I PEERS is a Horizon 2020 project, funded by the European Commission, with the mission of providing “pilot experiences for improving gender equality in research organisations.”

The R&I PEERS project aims to create and validate pilot experiences that disrupt gender-biased approaches and unconscious rules which limit participation by and careers for women in Research and Innovation. The R&I PEERS project promotes a concept of gender equality that can best be expressed as “women and men enjoy the same status and have equal opportunity to realize their full human potential to contribute to political, economic, social and cultural development, and to benefit fully from the results.”

UNISA Success with Women's History and Gender Studies

The course *Women's History and Gender Studies*, promoted by the Department of Humanities, responds to UNISA's GEP key area 'Integrating gender perspective in research and curricula'. In the academic year 2020-21, the course has registered an increase in enrolled students, passing from 20 of the previous years to 56 of this year. Moreover, the organising committee received numerous requests from people outside the academic world, who asked to take part as listeners....
